

# Introductory Yellow Book Certification

## Certification Description

This certificate program is designed to provide an introduction to nonprofit and governmental accounting and auditing. We'll start with an introduction to Yellow Book and Uniform Guidance. We'll identify what are the incremental requirements from GAAS with a focus on what someone new to the area would need to know when performing Yellow Book and Single Audits for the first time.

It also includes an introduction to nonprofit and governmental accounting. We'll introduce unique areas like endowments, contribution accounting and about agency transactions for nonprofits. We'll address what makes governmental accounting unique, why it's different and when it should be different. Topics include fund financial statements, governmentwide financials and MD&A.
