

Organization Development Certification

Certification Description

Improve your credibility.

OD helps organizations deliver sustainable performance improvement through people.

This certificate program explores the role of the OD practitioner, OD consulting skills and the fundamentals of OD practical tools. Participants will gain key knowledge of the history of organizational development (OD), and the behavioral science and theoretical roots of the discipline, which are fundamental to understanding why and how OD works to deliver people-led change.

The modules cover the tools used to diagnose an organization's effectiveness, the design of OD interventions and how to evaluate the effectiveness of an OD program.
